STATEMENT OF OBJECTS AND REASONS

The Gujarat Professional Technical Educational Colleges or Institutions (Regulation of Admission and Fixation of Fees) Act, 2007 was enacted with a view to provide a common framework for admission as well as fee fixation for professional colleges, as defined by AICTE, in the State. In view of the change in the situation of demand and supply of professional courses in the State, a need has arisen to make certain changes in this Act. This amendment Bill aims to do this.

In the last three years, it appears that the aspirant students are lesser in number against the approved seats in the professional courses in Gujarat State therefore more than 50% of seats of self-financed institutions remain vacant after ACPC admission process is over. Moreover, in the year 2019 additional 25% seats have been increased to implement reservation of EWS. States like Rajasthan and Maharashtra as well as distant States like Tamil Nadu, Karnataka and Andhra Pradesh are allowing students from other States since long. This has strengthened the competition and knowledge aspect of the students in their States. Similarly, in the State of Gujarat, it is also required to increase the PAN India competitiveness among meritorious students and to provide environment of global competitiveness.

To achieve the said purpose, it is required to make available more number of seats to SFIs to fill their own so as to make early attempt to fill their seats on merit from students outside Gujarat and India. Clause 2 of the Bill provides for the same. The provisions regarding admission under the Government Seats and Management Seats is proposed under *clause 5 of the Bill*.

In recent academic framework ranking issued by various renowned organizations, it is emphasized to have diversification and global student intake at institute level. The Government of India has also launched Study in India program to create global environment for academic cultural and research activities in higher educational institutions. Since 1950 India's first Education Minister had introduced an ICCR program which enables foreign students to study in India. At present, in the State of Gujarat more than 700 students are studying under this program. To strengthen the ICCR program it is considered necessary to enable the qualified students who possess a foreign passport to study in educational institutions of Gujarat in Government Seats and Management Seats also. *Clauses 2 and 4* of the Bill provide for the same.

For the quality improvement, create awareness about professional courses among the students, admission process for professional courses and to conduct various activities pertaining to technical institutions, Education department has set up Gujarat Technical Education and Research Society (GTERS). Therefore, the overall supervision of admission process is to be conducted under GTERS. *Clause 3* of the Bill provides for the same.

To eliminate the overall administrative process and allied activities for a nominal rise in existing fees or to reduce existing fee for unaided institutions, to allow such institutions to do the same by submission of Declaration cum Undertaking. *Clause* 7 of the Bill provide for the same.

On receipt of any complaint from any person, the necessary provision to empower the State Government to conduct an inquiry and to impose penalty to any professional Educational college or institution including private university is also proposed. *Clauses 8 and 9* of the Bill provide for the same.

This Bill seeks to amend the Gujarat Professional Technical Educational Colleges or Institutions (Regulation of Admission and Fixation of Fees) Act, 2007 to achieve the aforesaid objects.
